Course Introduction:

German 102 is the second semester of the Elementary German sequence: a systematic introduction to basic German. All four language skills: **speaking, listening comprehension, reading, and writing** are stressed to ensure that students acquire a basic command of German and an understanding of German culture. Classes are conducted in German, except when explanations of grammar and other material require the use of English.

Teaching method A variety of teaching techniques are used. Classroom activities are designed to help students master basic German structures by providing daily opportunities to actively use new material in practical communicative situations. Throughout this course, the instructor emphasizes **effective communication through linguistic accuracy. The instructor stresses a communicative approach which highlights critical reading and writing from the outset.** Creativity, breadth of expression (through syntax and vocabulary) and variations of language (style) in different social context and for different tasks are critical to long term achievement.

Different learners have different learning strategies and styles. It is the instructor's goal to help every student to find his or her own best learning techniques. The classroom is a collaborative and supportive context.

Course Goals

Upon completion of German 102, **students who have attended classes regularly and successfully completed all assignments and all exams (with a minimum grade of B-) should be able to do:**

Class Participation is graded on a daily basis, you are required to participated in pair and/or group work on a regular basis in order to improve speaking skills.

Class attendance: Students are allowed only three unexcused absences. Each further unexcused absence will count as one point, which will be subtracted from the final examination. If you miss class, it is your responsibility to find out what material was covered in class during your absence and to keep up with the current assignments and classroom materials. A student who is not prepared for class will receive a zero for class participation for that day. The instructor is under no obligation to accept late homework assignments.

Homework assignments include written assignments as well as exercises and activities to prepare for oral presentation during class. Oral presentation is just as important as all written work and will greatly improve your ability to participate during class.

Language lab is mandatory. Each student is expected to attend language lab three times per week. Each attendance should not last more than 30 minutes. The tutor is in attendance in the language lab.

The components of a) **reading comprehension**, and b) **questions and answers** will be done on an individual basis with the instructor in her office.

Essays will be written approximately every two weeks. Students are expected to write a **coherent text @ 150 words of German 102** on an assigned topic. The student should use the vocabulary and structures he or she has learned and practiced in class. This is an opportunity to demonstrate how well you can use the language you are learning; there is no need for extensive use of the dictionary to find new vocabulary words.

Essays will be graded on:

- a) comprehensibility
- b) quality of content/information
- c) use of familiar vocabulary, and
- d) grammatical accuracy.

Each essay will be written twice. On version one, students receive comments about content and grammatical errors. The second version should incorporate the instructor's suggestions and the appropriate corrections.

Portfolio: The central feature of portfolios is that these samples of evidence demonstrate the progress you make toward self-defined objectives whose attainment requires creativity, self-discipline and inter-disciplinarity.

At the end of the semester your portfolio should contain:

- a) 3 essays demonstrating rewrites as indicated by the instructor's first evaluation of the essay,
- b) 1 oral presentation,
- c) an outline of your final project,
- d) an individual vocabulary list, and examples of how you are using these words, and
- e) self-evaluation.

Each sample entry in the portfolio must be accompanied by a brief reflection on how and why you chose this document to be in the portfolio, how it was created and in what capacity each one documentation is a step in your learning experience.

AT ALL TIMES THE STUDENT IS BOUND INSIDE AND OUTSIDE OF CLASS BY THE OXFORD COLLEGE HONOUR CODE. ANY VIOLATION OF THE HONOUR ACADEMIC CODE WILL BE BROUGHT TO THE HONOUR COUNCIL (transcriptions
