Course Description: This course will function as an historical survey of the visual images that exemplify the philosophical and aesthetic concepts that shaped western culture from the Paleolithic Period through the fourteenth century. The aesthetic, historical and technical aspects of major art forms, including painting, architecture, drawing, and sculpture, will be studied in relation to the socio-economic and political developments in Western Civilization.

Course Objectives: Upon completion of this course, the student will be able to:

1. Identify by title, artist, style and period the works of art that are the visual representatives of the evolution of western society from prehistory through the fourteenth century.
2. Trace the major political, philosophical, and socio-economic developments in western society from the Paleolithic period to the advent of the Proto-Renaissance in relation to major art forms.
3. Identify and define the major aesthetic and philosophical trends during the time parameters of this course.
4. Develop critical analysis of individual works of art, styles and schools of aesthetic philosophies.

Course Goals: For the successful completion of this course, the student will demonstrate comprehensive knowledge of the subject matter by

Completing all reading assignments.
Attending all lectures and discussions.
Demonstrating verbal proficiency of historical theories by actively participating in classroom discussions.
Applying academic theories in the form of two (2) written research projects
Having 85% correct responses on midterm and final examinations
