***Physical activities for this class include vigorous movement.** Whenever there is a medical condition that would cause you undue risk or prevent your full participation in this class, it is your responsibility to inform me immediately. If you have a chronic condition which limits your potential for fulfilling the requirements for this class, have your physician FAX a letter stating what you cannot do and her/his recommendations for physical activities you can use to achieve the goals of this course.*

**Class Description:** The class is a combination class. **Pilates** is a total body exercise conditioning method that combines flexibility and strength from both Eastern and Western cultures. Pilates develops mind and body uniformity, balance, flexibility and strength and improves posture by focusing on the powerhouse of the body. **Aerobics based dance workouts** are fitness workouts that are primarily cardiovascular in nature and will include step, dance and Zumba type classes.

**Course Objectives and Learning Outcomes:**

1. Perform a before /after assessment to evaluate and become aware of one's own physical fitness, nutritional and sustainability status.
2. Based on the results of the evaluation, establish personal goals (both short and long term) in fitness, nutrition, and sustainability.
3. Create a personal prescription to achieve these goals using the S.M.A.R.T. format.
4. Identify components of healthy nutrition, living in a sustainable environment, and personal healthy fitness habits.
5. Understand the principles of proper biomechanics and fitness principles with particular focus on **Pilates and Aerobics**.
6. **Improve** and **Maintain** personal awareness goals for nutrition, fitness, and sustainability.
7. **Reflect** on your goals with a written analysis of your journey throughout the semester.

**Dress Code:** Appropriate attire for physical activity. T-shirts, shorts, tennis shoes with good support and with socks ☺ for Dance **Aerobics**. You'll be moving so make sure clothing does not restrict you in any way. For the **Pilates**, no shoes are worn during the workout. Yoga type clothing works best and preferably nothing too loose. Use good judgment and ask if you have questions.

- **FILLED WATER BOTTLE - Reusable please!**
- **Mats are provided for Pilates, but you may bring your own if you prefer.**

## Class Participation and Contribution:

In order to pass this course you must actively participate and contribute during each class meeting. This class is for all levels of fitness. We will start with the very basics of body awareness in Pilates, introductory poses with options for advanced participants. Encourage and help each other. Each of you will learn at a different rate and have different flexibility concerns. Once you have mastered a skill, help others learn it. Your grade is dependent on both attendance and the quality of your participation during class.

**Come to class and it is expected that you arrive for class on time at 12:00 pm!** Even if you do not feel well enough to participate you can contribute so that your grade will not be penalized. You will take notes and make suggestions that would be helpful to your classmates. **You might even feel much better just giving it a try. Exercise can work miracles!** There will be NO MAKE UPS for written work or skills tests unless you have medical documentation or you make prior arrangements with me regarding an exceptional circumstance.

Every third time you are late (not in class when I begin calling roll) you will be penalized an absence). If you are late, you must remind me when class is over to change your absence to a late mark. **If you do not do so, you will be considered absent even if you were in class.**
