EMORY UNIVERSITY

PE 106 ATTENDANCE POLICY - Monday/Wednesday/Friday

ATTENDANCE: You are responsible for what is covered in every class. Three absences are permitted without penalty. In a case of minor illness an alternate sedentary assignment will be available for you to do in class.

LATE ARRIVALS: Late arrivals will be recorded and, if repeated, will result in a grade penalty or the loss of the benefit of the doubt. (see below) If class has started, then I have already taken attendance and you are responsible for correcting your attendance record with me after class.

BENEFIT OF THE DOUBT: If you have followed the course expectations and you are on the borderline between one grade and another I will assign you the higher grade. If you do not have such a worthy record you will have lost the benefit of the doubt and will receive a grade based on your average no matter how close you are to the higher grade.

RELIGIOUS HOLIDAYS: Religious holidays approved by Emory University may be observed without penalty but I must be informed of your intention to do so in writing and in advance of the holiday.

EXTENUATING CIRCUMSTANCES: If you find yourself in an extenuating circumstance it is your responsibility to make an appointment with me as soon as possible to discuss your situation. There are no excused absences beyond the three that are provided but make-up work may be offered at my discretion. I will not offer make-up work if too much time has passed between your absence(s) and our meeting. If you have a physical situation that requires an adapted syllabus it is essential that you provide specific information from a medical professional immediately explaining what activities are prohibited.

PARTICIPATION GRADE: 30% of your grade is based on participation. I will determine this grade with the following method. At the end of the semester the number of days this class has met will establish the point scale. Points will be deducted at an increasing rate for every class missed above the three permitted. These penalty absences will result in an increasing loss of points for each one at the rate of 2, 4, 6, 8, 10 and so on.

EXAMPLE: If at the end of the semester we have met 37 days the point scale will be 37. If a student has missed 8 classes:

8 minus the 3 permitted = 5 penalty absences (points will be deducted for these absences)

Point scale of 37 (-2, -4, -6, -8, -10) = 7 points

A conversion formula will determine the final 30% participation grade

$$\begin{array}{r} 7 \\ \hline 37 \end{array} \times \begin{array}{r} \\ \\ \\ \\ \\ \end{array} = \begin{array}{r} 7 \times 30 = 210 \\ \\ \\ \\ \\ \end{array}$$

210 divided by 37 = 5.6

This student will receive 5.6 out of 30 on Participation.

Please note that this automatically gives the student a C (75.6) before any other grades are factored in. When students miss this many classes it is usually reflected in their other grades as well.
