- C. Class discussion of significant issues and topics
 1. What is abnormal behavior?
 2. Discussion of attitudes and stereotypes regarding abnormal behavior
- D. Writing projects
 1. Case study reports. Discuss and describe a diagnosis of case. Describe possible explanations for the behavior and treatment approaches.
 2. Research and write a paper on a specific mental health disorder

VIII. EVALUATION:

A. **Methods**

1. Exams/Tests
2. Quizzes
3. Research Projects
4. Class Participation
5. Other:
Written Case Study Report

B. **Frequency**

1. Two to three midterm examinations
2. Weekly quizzes
3. One final examination or research project
4. Daily attendance and/or participation
5. Four to six case study reports

IX. TYPICAL TEXTS:

1. Comer, Ronald J (2012). *Abnormal Psychology* (8 ed.). New York: Worth Publishers.
2. Sue, David, Derald W. Sue, Stanley Sue, and Diane M. Sue (2012). *Understanding Abnormal Behavior* (10 ed.). Belmont: Wadsworth Publishing.
